

Electronic Patent Application Fee Transmittal

Application Number:	10662765			
Filing Date:	15-Sep-2003			
Title of Invention:	Interactive and automated tissue image analysis with global training database and variable-abstraction processing in cytological specimen classification and laser capture microdissection applications			
First Named Inventor/Applicant Name:	David H. Kil			
Filer:	Todd E. Garcia/Christine Grace			
Attorney Docket Number:	14255-035001 / ARC01-201			
Filed as Small Entity				
Utility Filing Fees				
Description	Fee Code	Quantity	Amount	Sub-Total in USD(\$)
Basic Filing:				
Pages:				
Claims:				
Claims in excess of 20	2202	1	25	25
